Sponsoring knowledge and improvement

The 12th European Healthcare Design 2026 (EHD2026) Congress & Exhibition will be held on 15–17 June, 2026 at the QEII Centre, Westminster in London, UK and broadcast 'live' on EHD TV to a worldwide audience.

Organised by SALUS Global Knowledge Exchange and Architects for Health, the congress promotes a whole-systems approach to understanding how to plan and operationalise international health systems and infrastructure through the exchange of knowledge, research and global best practice on the relationship between service and system design, technology and the built environment.

The congress is organised in partnership with the UK and the world's expert professional bodies from the healthcare planning and design fields, international academic institutions, leading public and private health providers, and the healthcare industries.

Providing an international forum for researchers, practitioners and policy-thinkers to share knowledge on

how to plan and design health systems and infrastructure to achieve fiscal balance, equality of access, greater efficiency, net-zero, pandemic preparedness, quality improvement and better health outcomes, papers will be presented by the world's leading experts through a variety of presentation formats, including themed papers, posters and workshops.

We are delighted to invite commercial partners to support this prestigious, world-leading event. By sponsoring or exhibiting at EHD2026 your organisation will be supporting and participating in the creation and exchange of knowledge between the world's leading healthcare design practitioners, researchers and policymakers.

By blending the value of 'in person' networking with the opportunity to broadcast 'live' into a dedicated virtual platform, this year's congress in the heart of Westminster, London promises to be more valuable and better attended than ever before with ever more participants participating from all around the world.

A knowledge-led approach to sponsorship creates opportunities to align your brand with a range of content offerings through both the 'in person' and live/on-demand event broadcast, including: themed sessions and posters; workshops; roundtables, voxpop films; podcasts; webinars, roundtables; study tours; and networking events, such as the Welcome Reception and the Garden Party at the historic Westminster Abbey. These can be combined with other branding opportunities to raise the visibility of your organisation, such as an exhibition stand (limited availability),

What our attendees say

Particular strengths were the real world examples presented in framing a concept or theme that could then be debated, I enjoyed the opportunity to see the breadth of practice and thinking

Christopher Chiswell,
Consultant in Public Health Medicine & Deputy Director of Strategy, Birmingham Wom

The networking and learning about what was happening in health in different countries was excellent

Clinton Greene,
Director, Turner and Townsend, UK

Being able to attend virtually meant I was able to attend all sessions either live or at a later time, therefore had a full experience of the presentations

Samantha Robinson,
Clinical Lead, Nurse,
Oxford Health NHS Foundation Trust, UK

Broader perspectives than found in some other conferences and greater coverage of issues and work outside of the US

David Allison,
Alumni Distinguished Professor and Director, Clemson University, USA
